MEMORANDUM

   Linda Jordan, Clerk of Council
From: Chief Michelle A. Lee
Date: February 26, 2016
Subject: Parking restrictions discussed

The TE&S Committee discussed the request, by Mr. Jim Rubish of 1046 Adrian Ave.,
to allow parking on the West side only of Adrian Ave. Parking on the West side is
allowable but not on the East due to fire hydrants. The current ordinance reads:

Adrian Ave. - NO PARKING BOTH SIDES

The TE&S committee could not find fault with the petition and signatures as submitted
which reflects favorably on the change by 77% of affected residents. However we
do see issues arising by parking on the West side where mailboxes are located.
Should council decide to grant the request the ordinance should read:

Adrian Ave. - NO PARKING EAST SIDE

The attached map indicates the proposed allowable parking on the West side of
Adrian Ave. (Except within the intersections of Bruce, Nathan, Phillip and Nicholas
351.04c “Prohibited parking Places” indicated in red)

RE: Depeyster/SR 59 Intersection

The engineering division has investigated the potential to have a northbound right turn only lane on Depeyster at Haymaker Parkway. This investigation included analyzing traffic volumes, congestion and intersection geometrics. The results of the investigation indicate that while it is possible to restripe the northbound lanes to include a through-left and right turn only lane, it is not recommended. Also, the addition of a separate right turn lane is not recommended based on the minimal benefits provided, costs to add the right turn lane, negative impact on pedestrians crossing Depeyster Street and its conflict with the proposed police facility.

Traffic Volumes:
A previous traffic study by AECOM performed as part of the Flats 345 project indicates the following traffic volumes at the intersection after the development of the Flats 345 and new police building are completed.

Peak Hour Traffic Volumes

(XX) : PM Peak Hour Volume
XX : AM Peak Hour Volume
As can be seen in the above figure, **there is 63% more traffic turning left (70 vehicles) than turning right (43)** going northbound during the PM peak hour. Typical intersection lane design would give the exclusive lane movement to the left turning movement to prevent delays to the through movement, especially when the left turn and through volumes are greater than the right turn volume.

**Traffic Congestion:**
Using the above traffic volumes, staff analyzed the average delay and Level of Service (LOS) during the PM peak hour for the existing lane configuration and a lane configuration that included a northbound right turn only lane and a northbound through-left lane. The results are indicated in the following table:

<table>
<thead>
<tr>
<th></th>
<th>Existing Conditions LOS (delay)</th>
<th>Alternate Conditions LOS (delay)</th>
<th>Change</th>
</tr>
</thead>
<tbody>
<tr>
<td>Intersection Level of Service</td>
<td>B (16.8 sec)</td>
<td>B (17.0 sec)</td>
<td>+.2 sec</td>
</tr>
<tr>
<td>Northbound Level of Service</td>
<td>D (35.1 sec)</td>
<td>D (37.3 sec)</td>
<td>+2.2 sec</td>
</tr>
</tbody>
</table>

As seen in the above table, **there is only a minor increase in congestion with the alternate lane configuration.** In addition, there will be a minor increase in conflicts between pedestrians crossing Depeyster and vehicles turning right on red.

A potential use for Depeyster being four lanes is to divert westbound traffic from the Summit Street/Water Street intersection. This is possible for westbound Summit Street traffic that wants to travel northbound on SR 43 out of town. Depeyster Street provides those travelers an alternate route with a dedicated northbound left turn lane at the Depeyster/Haymaker intersection. This secondary route is valuable in helping to reduce traffic congestion at the SR 43/Summit Street intersection.
Intersection Geometrics:
Currently there is a minor horizontal shift in the centerline of Depeyster Street in the Haymaker Parkway intersection. Currently the northbound left turn lane partially (apprx. 1 to 2 ft) oppose the southbound through/left lane. If the striping were modified then the two through movements would partially oppose each other due to the centerline shift in the intersection. Therefore, for safety reasons we do not recommend moving the northbound through movement.

In summary, the current northbound lane configurations provide; 1) the movement with the greatest traffic volume a dedicated lane; 2) the most efficient lane configuration to reduce vehicular delays; and 3) is safer because of the centerline shift on Depeyster Street. Based on the above the engineering division does not recommend changing the existing lane designations.

RE: Amendments to Title Seven – Environmental Health and Housing Maintenance Code (Rental Licensing)

In August 2015, Kent City Council approved the expansion of the City's residential rental licensing regulations to include smaller residential rental units in the City, which currently are not inspected and licensed through the City’s Health Department.

Staff from the City’s Community Development and Health Departments have been working with the Assistant Law Director to identify the needed amendments to “Title Seven – Environmental Health and Housing Maintenance Code” to allow for the inspection and licensing of smaller residential rental units by the Community Development Department, while still maintaining the existing inspection and licensing authority currently utilized by the Health Department.

I am respectfully requesting time at the April 6, 2016 Committee session to discuss the proposed amendments to Title Seven in greater detail and to request Council authorization of the amendments, with emergency, in order to allow the Community Development Department to begin implementation of the new provisions of the rental licensing program.

Thank you for your consideration of this request. If you need any additional information in order to add this item to the agenda, please let me know.

TITLE SEVEN – Environmental Health and Housing Maintenance Code
Chap. 1363. Definitions.
Chap. 1365. Minimum Standards and Requirements.
Chap. 1367. Licensing Requirements.
Chap. 1369. Owner and Occupant Responsibilities.
Chap. 1371. Enforcement and Penalty.
Chap. 1373. Repairs and Demolition.
Chap. 1375. Appeals.

CHAPTER 1361
General Provisions

1361.01 Legislative findings; purpose.
1361.02 Conflict and invalidity.

1361.01 LEGISLATIVE FINDINGS; PURPOSE.

(a) Chapters 1361 through Chapter 1375 shall be formally known as the Environmental Health and Housing Maintenance Code but may also be referred to as the “Housing Code”.

(b) There hereby exists and may in the future exist, within the City residential rental units which, multiple use structures, premises, dwellings, dwelling units, rooming units or parts thereof, which, by reason of their structure, equipment, sanitation, maintenance, use or occupancy, affect or are likely to affect adversely the public health, including the physical, mental and social well-being of persons and families, safety and general welfare. To correct and prevent the existence of such adverse conditions and to provide safe, decent and sanitary living conditions for residents living in residential rental units, to achieve and maintain such levels of residential environmental quality as will protect and promote public health, safety and general welfare, the establishment and enforcement of zoning code and minimum housing standards are required necessary for all residential rental units dwellings.

(b) It is hereby declared that the purpose of this Housing Code is to protect the health and safety of the public, to ensure compliance with state and local health codes, to prevent and control the incidence of communicable disease and to regulate all publicly and privately owned residential rental units multiple use structures for the purpose of maintaining adequate sanitation and public health. The provisions of this Housing Code are applicable to residential rental units multiple use structures only. (Ord. 1979-219. Passed 12-5-79.)

1361.02. CONFLICT AND INVALIDITY.

In any case where a provision of this Housing Code is found to be in conflict with a provision of any zoning, building, fire, safety or health ordinance or code of the City existing on the effective date of this section, the provision which establishes the higher standard for the promotion and protection of the health and safety of the people shall prevail. In any case where a provision of this Housing Code is found to be in conflict with a provision of any other ordinance or code of the City existing on the effective date of this section which establishes a lower standard for the promotion and protection of the health and safety of the people, the provisions of this Housing Code shall be deemed to prevail and such other ordinances or codes are declared to be repealed to the extent that they may be found in conflict with this Housing Code. 1365.01 OWNER TO COMPLY WITH STANDARDS AND REQUIREMENTS.
(a) Whenever the words "dwellings", "dwellings unit", or premises" are used in this Housing Code, they shall be construed as though they were followed by the words "or any part thereof".

(b) Every owner, operator or agent of a residential rental unit multiple use structure, shall be responsible for providing, supplying and maintaining all equipment, facilities, requirements and sanitary standards as prescribed in Chapter 1365 of this Housing Code. In addition, it shall be the responsibility of such individuals to comply with all provisions of the Planning and Zoning Code (Part 11), the Building Code (Part 13) including the Environmental Health and Housing Maintenance Code (Title 7), and the Property Maintenance, Housing and Enforcement Code (Part 14) unless specifically otherwise stated.

1365.02. OCCUPANT TO MAINTAIN SANITARY CONDITIONS.
Every occupant of a dwelling or dwelling unit shall keep in a clean and sanitary condition that part of the dwelling or dwelling unit which he occupies or controls. (Ord. 1979-219. Passed 12-5-79.)

1365.03 EQUIPMENT AND FACILITY REQUIREMENTS.
Unless specifically exempted by this Section, residential rental units must be maintained in accordance with the most recently adopted Ohio Residential Code. This includes, but is not limited to, each of the following requirements.

(a) Kitchen Sink. Each dwelling unit shall contain a kitchen sink in working condition and connected to a potable water supply and sewer system in an approved manner.

(b) Bathrooms. All dwellings shall be provided with a room affording privacy and equipped with a flush water closet, a lavatory basin, and a bathtub or shower in good working condition and connected to a potable water supply and sewer system in an approved manner. A minimum of one bathroom for six individuals shall be required.

(c) Water Lines. Each kitchen sink, lavatory basin, bathtub or shower required by the provisions of subsection (b) hereof shall be connected with both hot and cold water lines in an approved manner. (Ord. 1979-219. Passed 12-5-79.)

(d) Water Heating. Each dwelling shall be supplied with water heating facilities installed in an approved manner and maintained in good working condition connected with the hot water lines required under the provisions of subsection (c) hereof and capable of heating water to a temperature of not less than 120°F. No combustibles shall be stored within 18 inches of the water heating device.

(e) Means of Egress. All dwellings shall have a safe, unobstructed means of egress with a minimum headroom of six feet, six inches leading to safe and open space at ground level. All means of egress openings shall be readily openable from the side from which egress is to be made without the need for keys or special knowledge. All
pathways and aisle ways shall be unobstructed. All means of egress shall be properly installed and maintained. All means of egress shall meet the minimum requirements outlined in the most current Fire Code adopted by the State of Ohio rule 46 and rule 10 of the Ohio Fire Code. Any residential rental unit multiple use structure having sleeping rooms located on floors greater than fourteen feet from the ground shall be equipped with a second means of egress in the form of an approved fire ladder, fire stairs, or emergency exit.

(f) Fire Extinguishers. All residential rental units dwelling units shall be equipped with easily accessible and properly maintained fire extinguishers at all times. They shall be kept in a designated location at all times when not in use. The minimum classification of fire extinguisher shall be 3A:40B:C at 5 pounds. Residential rental units Dwelling units with multiple floors shall have a minimum of one fire extinguisher on each habitable floor. Fire extinguishers stationed in a common hallway shall be on the same floor and within 30 feet of every dwelling unit. The owner or operator of a multi-family dwelling, rooming house, or boarding house must multiple-use structure shall be responsible to meet the additional minimum standards for fire extinguishers as are outlined in the most current Fire Code adopted by the State of Ohio Fire Code section 906.

(g) Fire Stairs. All residential rental units multiple use structures having habitable rooms located on floors greater than fourteen feet from the ground and licensed for the first time after the effective date of this Code shall be supplied with fire stairs as a means of egress, when required, and shall be must have fire stairs in compliance with the most current Fire Code adopted by the State of Ohio National Fire Protection Association pamphlet number 101, Volume 9. Previously licensed multiple use structures residential rental units with existing fire ladders shall comply with the fire stairs requirements if such ladder is altered and/or removed. All newly installed fire stairs shall comply with the above requirements.

(h) Smoke Alarms. All residential rental units multiple use structures shall be equipped with audible smoke alarm devices that are U.L. approved and are installed in compliance with the International Building Code section 704 the standards set forth in the most recently adopted Ohio Residential Code. Additionally, each smoke alarm shall be installed within 12 inches of the ceiling. Working smoke alarms are required in each of the following locations:

1. In the immediate vicinity outside of bedrooms in each sleeping room.
2. In each bedroom outside each separate sleeping area, such as in the corridors in the immediate vicinity of the sleeping rooms.
3. In a common area of each story of a dwelling unit, including basements On each additional story of the dwelling, including basements and habitable attics but not including crawl spaces and uninhabitable attics. In dwellings or dwelling units with split levels and without an intervening door between adjacent levels, a smoke alarm installed on the upper level shall suffice for the lower level provided that the lower level is less than one full story below the upper level.

(i) Exterior Locks. All exterior doors within a residential rental unit multiple use structure shall be equipped with safe and functioning locking devices.

(j) Handrails. All residential rental units must comply with the following for handrails:

1. Every exterior and interior flight of stairs having more than four risers shall have a handrail on at least one side of the stairs.
2. Every open portion of a stair, landing, balcony, porch, deck, ramp or other walking surface which is more than 30 inches above the grade below shall have handrails with balusters spaced no more than six inches apart.
3. Handrails shall not be less than 30 34 inches in height or more than 42 38 inches in height measured vertically above the walking surfaces.
4. Every handrail shall be firmly fastened and capable of supporting normally imposed loads and shall be maintained in good condition and constructed in an approved manner.

(k) Carbon Monoxide Alarms. All residential rental units are required to have carbon monoxide alarms in new and existing dwelling units that have fuel-fired appliances or have attached garages and only when any of the conditions described in this section apply. All residential rental units multiple use structures that contain fuel burning equipment or enclosed parking shall be equipped with carbon monoxide alarms. The carbon monoxide alarms are permitted to be battery operated, plug-ins with battery backup, hard wired with battery backup, low voltage system, wireless, or a qualified combination alarm. The carbon monoxide alarms shall be U.L. approved. The installation and maintenance of the carbon monoxide alarms shall be in accordance with the manufacturer’s published instructions.
There shall be a minimum of one carbon monoxide alarm installed in each dwelling unit that contains fuel-burning equipment or enclosed parking. The alarm shall be located in a common area nearest the bedrooms. When dwelling units do not contain fuel-burning equipment or enclosed parking, but are located in a building with fuel-burning equipment or enclosed parking, the owner shall choose one of the following installation options:

1. Install at least one carbon monoxide alarm in each dwelling unit, nearest the bedrooms.
2. Provide carbon monoxide protection in areas with fuel-burning equipment with a properly installed and properly maintained automatic shutdown device.
3. In all areas with fuel-burning equipment or enclosed parking, install a carbon monoxide alarm that is capable of emitting a distinct and audible sound to warn all occupants in the building.

1. New Dwelling Units. In new dwelling units, carbon monoxide detectors are required to be installed in the locations described in 1165.03(k)(3).
2. Existing Dwelling Units. In existing dwelling units, where an application for approval is required for work involving any of the following areas or systems within that dwelling unit, carbon monoxide alarms are required to be installed in the locations described in 1165.03(k)(3).
   (a) the addition or creation of a new sleeping room;
   (b) An alteration of a sleeping room;
   (c) An alteration in the immediate vicinity outside of a sleeping room;
   (d) An addition of, or an alteration to, an attached garage;
   (e) An addition, alteration, repair or replacement of a fuel-fired appliance.
3. Where required. In new dwelling units and in existing dwelling units meeting any of the conditions described in Section 1165.03(k)(2), an approved monoxide alarm shall be installed outside of each separate sleeping area in the immediate vicinity of the sleeping rooms in those dwelling units.
4. Alarm Requirements. Single station carbon monoxide alarms shall be listed as complying with UL 2034 and shall be installed in accordance with the most recently adopted Residential Code of Ohio and the manufacturer’s installation instructions.

1365.04. LIGHT, VENTILATION, ELECTRIC AND HEATING REQUIREMENTS.
Unless specifically exempted by this Section, residential rental units must be maintained in accordance with the most recently adopted Ohio Residential Code. This includes, but is not limited to, each of the following requirements.

(a) Window Areas. Every habitable room shall have at least one window or ventilating sky light facing directly to the outdoors. The minimum total window area measured between stops, for every habitable room shall be ten percent of the floor space of such room.

(b) Ventilation. Every habitable room shall have at least one window or sky light which can be easily opened or such other device as will adequately ventilate the room. The total of openable window area in each habitable room shall be equal to at least fifty percent of the minimum window area size as required in subsection (a) herein, except when supplied with such other device affording adequate ventilation and installed in an approved manner.

(c) Bathroom Ventilation. Every bathroom and water closet compartment shall comply with ventilation requirements as described in subsection (b) herein.

(d) Electric Requirements. The owner or operator in charge of a dwelling shall provide a properly installed and maintained electric light fixture in order to supply adequate light in all common areas including stairways, hallways, entranceways, laundry rooms, furnace rooms, kitchens, bathrooms, exterior porches, and similar common areas. Every habitable space in a dwelling shall contain at least two separate and remote receptacle outlets. Multiple converter plugs permitting two or more appliances to be plugged into the same outlet shall not be used. Every laundry area shall contain at least one grounded-type receptacle. Every bathroom shall contain at least one receptacle. Any new bathroom or kitchen receptacle outlet shall have ground fault circuit interrupter protection. All receptacles exposed to outdoors shall be of the grounding type. All receptacle outlets shall have the appropriate faceplate cover for the location. All electrical equipment, wiring, lighting, and appliances shall be properly installed and maintained in a safe and approved manner.

(e) Heating Facilities. The owner or operator in charge of a dwelling shall provide a heating facility installed in an approved manner and maintained in good working condition capable of maintaining a temperature of at least 68°F for any 24 hour period in all habitable rooms, bathrooms, water closet compartments and kitchens. The temperature inside a dwelling shall be measured in the approximate center of each room and approximately three feet above the floor. No combustibles shall be stored within 18 inches of the furnace or
heating facilities. Heating facilities designed with filters shall maintain the filters per the manufacturers recommendations.

(f) Every occupant of a dwelling unit shall keep all plumbing fixtures therein, in a clean and sanitary condition and shall be responsible for the exercise of reasonable care and the proper use and operation thereof. (Ord. 1979-210. Passed 12-5-79.)

(g) Screening. All windows or other devices used or intended to be used for ventilation shall be supplied with screens. If a screen is supplied to doorways opening directly from a dwelling to outdoor space it must be properly maintained and supplied with a self-closing device.

(h) Pest Protection. Every window and every other opening which might provide an entry for pests shall be supplied with a screen or other device as will effectively prevent entry by such pests into the building. Proper precautions shall be taken to secure the building and prevent pest infestation.

1365.05 SOLID WASTE STORAGE AND COLLECTION.
Every occupant of a dwelling or dwelling unit shall store and dispose of all solid waste in a clean and sanitary manner by placing it in receptacles as required by Section 1365.01(d) and (e). (Ord. 1991-10. Passed 3-6-91.)

(e) Solid Waste Storage. The owner of each multiple use structure residential rental unit must shall provide adequate solid waste storage receptacles on the premises for the disposition of litter and solid waste. Such receptacles shall be maintained in a sanitary manner as to prevent the contents from being scattered upon such premises. Receptacles of sufficient size and number shall be of rigid plastic or metal, watertight and equipped with tight fitting lids. Any solid waste receptacle spillage which may occur upon the ground, sidewalk, street or alley shall be promptly cleaned up within twenty four hours after spillage. Solid waste containers must meet additional requirements outlined in section 521.08 and 933.03 of the Kent Codified Ordinances. The Health Commissioner may require the owner of a multiple use structure residential rental unit to adhere to additional standards regarding solid waste storage outlined in section 1371.03.04 of this Housing Code.

(h) Solid Waste Collection. The owner of each multiple use structure residential rental unit must shall provide solid waste collection for the licensed dwelling by hiring a solid waste collector who is licensed by the City. The frequency of such solid waste collection shall be not less than once per week during those instances when solid waste is being generated on the premises. The owner shall provide written proof of such collection service if requested by the Health Commissioner. Additionally, the Health Commissioner may require the owner of a multiple use structure residential rental unit to obtain unlimited collection service at properties that are non-compliant with the solid waste ordinances as outlined in section 1371.03.04.

1365.06. EXTERMINATION; INFESTATION.
(a) Pest Infestation. All structures shall be kept free from insect and rodent infestation and all potential points of entry shall be properly maintained as to prevent pest migration. Such application shall be submitted with all requested information completed, signed and accompanied by the appropriate fee. The due date will be 30 days before the new licensing period. Failure to submit the application and licensing fee by the applicable due date will result in a late fee of an additional 25%.

(c) Fee. No operating license shall be issued or renewed unless the completed application form is accompanied by payment of the license fee. The cost of the license fee is $100.00 per dwelling multiple use structure, plus an additional five dollars ($5.00) per bedroom within the dwelling unit multiple use structure. For purposes of calculating the license fee only:

1. If a building contains a single dwelling unit, the building shall be considered a single family dwelling multiple use structure.
2. If a building contains multiple dwelling units, each with and each dwelling unit has a separate egress route, the building shall be considered a single dwelling multiple use structure.
3. If a building contains multiple dwelling units that share an egress route, the number of dwellings multiple use structure will be determined by the number of separate egress routes needed to access all of the dwelling units.
4. Condominiums shall be considered separate dwellings except condominiums on the same parcel with the same ownership shall be treated as a single dwelling. Condominiums on the same parcel with different ownership but the same operator may, at the discretion of each owner, elect to be treated as a single dwelling.

(d) Inspection.
1. For all residential rental units described in 1367.01(a)(1)
   a. Prior to obtaining a housing license for a multiple use structure residential rental unit described in 1367.01(d)(1), the responsible owner, operator or agent shall schedule an inspection with the Health Commissioner Department at least 30 days before the new licensing period of such said residential rental unit multiple use structure.
b. No operating housing license shall be issued or renewed until a residential rental unit multiple use structure is inspected and determined to be in compliance with the requirements of this Housing Code.

c. The frequency of inspections for a residential rental unit inspected under this section shall be determined by the Health Commissioner.

d. Re-inspection. After the initial inspection of a residential rental unit is completed by the Health Department under this section, a reasonable amount of time will be allowed by the Health Department for the owner, operator or agent of the residential rental unit to correct potential violations. Failure to correct the violations by the re-inspection shall result in a non-compliance fee of up to $75.00.

e. Non-compliance. The Health Commissioner has the authority to condemn any residential rental unit described in 1367.01(d)(1) multiple use structure that fails to comply with this housing code.

f. Any residential rental unit described in 1367.01(d)(1) multiple use structure without a current license for more than 30 days may be condemned by the Health Commissioner.

2. For residential rental units described in 1367.01(a)(2):

a. Prior to obtaining a housing license for a residential rental unit described in 1367.01(a)(2), the owner, operator or agent shall have the residential rental unit inspected by the Director of Community Development at least 30 days before the new licensing period of said residential rental unit.

b. No housing license shall be issued or renewed until a residential rental unit is inspected and determined to be in compliance with the requirements of this Housing Code.

c. The frequency of inspections for the renewal of a housing license issued for a residential rental unit inspected under this section shall be determined by the Director of the Community Development Department.

d. Re-inspection. After the initial inspection of residential rental unit is completed by the Community Development Department under this section, a reasonable amount of time will be allowed for the owner, operator or agent to correct potential violations. A re-inspection may be required to verify that the corrections were made by the assigned date and time. Failure to correct the violations by the re-inspection shall result in a non-compliance fee of up to $75.00 per re-inspection.

(e) Non-compliance. The Chief Building Official, or his designee, has the authority to condemn any residential rental unit that fails to comply with the City of Kent Planning and Zoning Code (Part 11), the Building Code (Part 13) including this Housing Code, and the Property Maintenance, Housing and Enforcement Code (Part 14), or this housing code.

(f) Any residential rental unit described 1367.01(a)(2) without a current housing license for more than 30 days may be condemned by the Director of Community Development.

3. In the event that a housing license expires before it the housing license is can be renewed, a late fee of 25% of the licensing fee will be required.

(e) Re-inspection. After the initial inspection is completed by the Health Department, a reasonable amount of time will be allowed by the Health Department for the owner, operator or agent of the multiple use structure to correct potential violations. A re-inspection may be required to verify that the corrections were made by the assigned date and time.

(f) Non-compliance. The Health Commissioner has the authority to condemn any multiple use structure that fails to comply with this housing code. Any multiple use structure without a current license for more than 30 days may be condemned by the Health Commissioner.

(g) Review of the Environmental Health and Housing Maintenance Code. The latest revision of the Environmental Health and Housing Maintenance Code was completed in 2013 2016. The next scheduled review will take place no later than 2018 2021.

1367.02. NOTICE TO TENANTS.

It shall be the responsibility of the owner, operator or agent of any residential rental unit to give notice of his housing license with the City to tenants by one of the following authorized methods prior to the commencement of a rental term with such tenant:

(a) Display the license in a conspicuous place within the common ways of the residential rental unit.

(b) Give the following written notice to the tenants:

   2. The residential rental unit lacks illumination, ventilation, required sanitation facilities or any other minimum requirements as established in Chapter 1365 of this Housing Code.

   3. The general condition of the residential rental unit occupied multiple use structure, outbuildings and surrounding property is unsanitary, unsafe or unhealthful.

(b) Whenever a residential rental unit leased dwelling multiple use structure or premises has been designated as unfit for human habitation, the Health Commissioner or the Chief Building Official or his designee may placard the structure or premises by placing a placard thereon or in a location which is readily noticeable, identifies the building as condemned and the applicable state or local code sections that caused the premises to be condemned which reads as follows:

CONDEMNED
THIS BUILDING IS UNFIT FOR HUMAN HABITATION OR USE AND HAS BEEN CONDEMNED BY ORDER OF THE HEALTH COMMISSIONER (OR CHIEF BUILDING OFFICIAL) OF THE CITY OF KENT. ALL PERSONS ARE HEREBY WARNED TO STAY AWAY FROM THIS BUILDING, EXCEPT THOSE WHO ARE EMPLOYED TO REPAIR OR RAZE THE SAME (IN ACCORDANCE WITH THE NOTICE THAT HAS BEEN GIVEN), THE OWNER OF THIS BUILDING AND ALL OTHER PERSONS HAVING AN INTEREST IN SAID PREMISES AS SHOWN BY THE LAND RECORDS OF THE PORTAGE COUNTY RECORDER’S OFFICE. IT IS UNLAWFUL FOR ANY PERSON TO REMOVE THIS SIGN WITHOUT WRITTEN PERMISSION FROM THE HEALTH COMMISSIONER (OR CHIEF BUILDING OFFICIAL) OF THE CITY OF KENT.

(c) If such residential rental unit is occupied, the Health Commissioner or City Building Official shall order the dwelling or premises to be vacated within a reasonable period of time. Such time is not to be less than three days or more than ten days.

(d) Any residential rental unit or premises which has been condemned and/or placarded as unfit for human habitation or use, shall not again be occupied by a non-owner until a written approval is secured from and such
placard removed by the Health Commissioner or Chief Building Official. The Health Commissioner or Chief Building Official shall remove such placard and give written notice whenever the defect from which the condemnation and placarding action resulted has been eliminated. (Ord. 1979-219. Passed 12-5-79.)

1373.03. DEMOLITION.
(a) The Health Commissioner or Chief Building Official shall issue an order commanding the owner of a residential rental unit or premises and all other persons having an interest in such premises as shown by the records of the County Recorder’s Office to repair, vacate or demolish any dwelling or premises found to be unfit for human habitation or use within the terms of this Housing Code.

(b) The owner of any residential rental unit or premises which has been ordered demolished shall be given notice of this order in the manner provided in Section 1371.02 and shall be given a reasonable time not to exceed ninety days to demolish such structure.

(c) If the Chief Building Official issues a notice to demolish, Any owner aggrieved by the notice to demolish may within fourteen days seek a formal hearing before the Board of Building Appeals in Chapter 1309. If the Health Commissioner issues a notice to demolish, any owner aggrieved by the notice to demolish may within fourteen days seek a formal hearing before the City of Kent Board of Health who must address the issue at the next regularly scheduled board meeting in the manner provided in Chapter 1375.

(d) When the owner, operator, or agent fails, neglects or refuses to demolish an unfit, unsafe or unsanitary residential rental unit or premises within the prescribed time the Health Commissioner or Chief Building Official may apply to the court of competent jurisdiction for a demolition order to undertake the demolition. The court may grant such order when no hearing on the matter is pending. The cost of such demolition shall create a debt in favor of the City against such owner and shall be recovered in civil action brought by the City who shall possess all rights of a private creditor.

(e) Whenever a residential rental unit is demolished whether carried out by the owner or by the appropriate authority such demolition shall include the filling in of the excavation remaining on the property on which the demolished dwelling was located pursuant to the requirements of Chapter 905 “Excavations” (Part Nine).

1375.01 HOUSING APPEALS BOARD.
(a) Creation. The Housing Appeals Board shall consist of seven members who shall be appointed by Council for overlapping terms of three years respectively and shall serve until a successor is appointed.

As amended effective April 1, 1999, the members of the Board shall also be the members of the Fair Housing Board (see §557.02). There shall be seven members on the Board, appointed by Council, beginning with the current members of both Boards, who shall serve out their terms until a successor is appointed.

(b) Residence Requirements. Members of the Board shall be citizens of the United States and residents of the City. Membership shall consist of seven residents of the City and a member of the Board of Health. The Law Director or his designate shall serve as secretary and ex officio member of the Board.

(c) Rules/Quorum. The Housing Appeals Board shall adopt rules of procedure not inconsistent with this Housing Code and elect officers as the Board sees fit. Five members of the Board in attendance at any meeting shall constitute a quorum. (Ord. 1899-41. Passed 3-17-99)

(d) Variance. The Board shall interpret the intent of this Housing Code in specific cases where, upon appeal, it clearly appears that by reason of special conditions undue hardship would result from literal application of any section of this Code. Where such undue hardship is clearly demonstrated, the Board may permit a variance from the applicable section if the dwelling will vary only a reasonable minimum from the literal provision of this Housing Code, but will comply with the spirit and intent of this Housing Code with respect to sanitation, safety and rehabilitation. All decisions to permit a variance under this section shall be by majority vote of the total membership of the Board. (Ord. 1979-219. Passed 12-5-79.)

1375.02 HEARINGS.
(a) Any person affected by a notice and/or order which has been issued in connection with the enforcement of any provision this Housing Code may request and shall be granted a hearing in accordance with Section 501 upon the matter before the Housing Board of Appeals, provided that such person shall file in the office of the Health Commissioner a written petition requesting such hearing and setting forth the name, address, and phone number of the petitioner, in a brief statement of grounds for such hearing and appeal from any order from the Health Commissioner. Petitions shall be filed within fourteen days after the date of notice and order is served and shall be accompanied by a deposit of fifteen dollars ($15.00). Upon receipt of such petition, the secretary of the Board of Housing Appeals, shall set a time and place for the hearing before the Board and shall give the petitioner written notice thereof. The hearing shall commence thirty days after the petition has been filed. At such hearing, the petitioner shall be given an opportunity to be heard and to show cause why such notice and order should be modified or withdrawn. The failure of the petitioner or his representative to appear and state his case at such hearing shall be grounds for dismissal of such petition.

(b) Upon hearing, the Housing Appeals Board may affirm, amend, modify or withdraw such notice and/or order and the petitioner and the Health Commissioner shall be notified in writing of such findings.

(c) The proceedings at such hearings, including the findings and decisions of the Housing Appeals Board and the reasons therefore, shall be summarized and reduced to writing and entered as a matter of public record in the office of the Health Commissioner. Such records shall include a copy of every notice and/or order issued in connection with the matter. Any person aggrieved by the decision of the Housing Appeals Board may seek relief therefrom in any court of competent jurisdiction as provided by the laws of this State. (Ord. 1979-219. Passed 12-5-75.)

1375.03 BOARD OF HEALTH RULES AND REGULATIONS.
As provided by Ohio R.C. 3709.20, the Board of Health is authorized to make and adopt such rules and regulations and fix such reasonable standards as may be necessary for the proper enforcement of the provisions of this Housing Code and to carry out the intent thereof. (Ord. 1979-219. Passed 12-5-79.)

DEPARTMENT OF COMMUNITY DEVELOPMENT

DATE: March 14, 2016

TO: Dave Ruller, City Manager

FROM: Tom Wilke, Economic Development Director

Businesses that receive real property tax exemptions through the City’s Community Reinvestment Area II (CRA) program are subject to an annual review by the Community Reinvestment Area (CRA) Housing Council and the Tax Incentive Review Council (TIRC) in order to evaluate if the capital investment, reported payroll, and number of active employees align with the commitment levels identified in the respective CRA agreements. The City’s Tax Increment Financing (TIF) agreement is also subject to an annual review by the TIRC.

The following is a summary of the CRA agreements that were active in 2015 and which were reviewed by the CRA Housing Council on February 18, 2016:

</tbody>
</table>
The CRA Housing Council recommended the continuation of the Don Joseph, Inc. and the Record Publishing CRA II agreements. The CRA I agreements are not subject to CRA Housing Council action and are included in this summary for informational purposes only.

The Tax Incentive Review Council (TIRC) meeting was convened on February 23, 2016 and the following projects were reviewed:

<table>
<thead>
<tr>
<th>Don Joseph, Inc.</th>
<th>$3,242,860 project investment</th>
<th>Active</th>
</tr>
</thead>
<tbody>
<tr>
<td>Record Publishing, LLC</td>
<td>$4,303,924 project investment</td>

</tr>
<tr>
<td>Tax Increment Financing (TIF) Agreement</td>
<td>$24,385,800 (PC Auditor 2015 improvement valuation)</td>
<td>Actual as of 12/31/15</td>
</tr>
</tbody>
</table>

The TIRC recommendation was for continuation of the three (3) projects without any modification.

The 2015 information for all of the agreements reviewed by the CRA Housing Advisory Council and the TIRC was submitted to the Ohio Development Services Agency (ODSA) on March 11, 2016.

Please note that a CRA II agreement with Royal Dry Cleaners was approved in 2015 however their project was not completed until early 2016 and it will appear in the 2016 report.

No Council action is required on the above listed projects because the recommendations were for continuation of all agreements without any modifications. If you or any members of Council have any questions concerning the annual review of the above listed agreements, please let me know.

Thank you.

Dear Tree City USA Supporter,

On behalf of the Arbor Day Foundation, I write to congratulate Kent on earning recognition as a 2015 Tree City USA and for receiving a Growth Award. Residents of Kent should be proud to live in a community that makes the planting and care of trees a priority.

Kent is one of more than 3,400 Tree City USAs, with a combined population of 140 million. The Tree City USA program is sponsored by the Arbor Day Foundation in partnership with the U.S. Forest Service and the National Association of State Foresters.

As a result of your commitment to effective urban forest management, you already know that trees are vital to the public infrastructure of cities and towns throughout the country, providing numerous environmental, social and economic benefits. In fact, trees are the one piece of community infrastructure that actually increases in value over time.

We hope you are excited to share this accomplishment. Enclosed in this packet is a press release for your convenience as you prepare to contact local media and the public.

State foresters are responsible for the presentation of the Tree City USA flag and other materials. We will forward information about your awards to your state forester’s office to coordinate presentation. It would be especially appropriate to make the Tree City USA award a part of your community’s Arbor Day ceremony.

Again, we celebrate your commitment to the people and trees of Kent and thank you for helping to create a healthier planet for all of us.

Best Regards,

Dan Lambe  
President

FOR IMMEDIATE RELEASE:

**Arbor Day Foundation Names Kent Tree City USA, Growth Award Winner**

Kent, OH was named a 2015 Tree City USA by the Arbor Day Foundation in honor of its commitment to effective urban forest management.

The community also received a Tree City USA Growth Award for demonstrating environmental improvement and higher level of tree care.

Kent achieved Tree City USA recognition by meeting the program’s four requirements: a tree board or department, a tree-care ordinance, an annual community forestry budget of at least $2 per capita and an Arbor Day observance and proclamation.

The Tree City USA program is sponsored by the Arbor Day Foundation, in partnership with the U.S. Forest Service and the National Association of State Foresters.

“Tree City USA communities see the impact an urban forest has in a community first hand,” said Dan Lambe, President of the Arbor Day Foundation. “Additionally, recognition brings residents together and creates a sense of community pride, whether it’s through volunteer engagement or public education.”

Trees provide multiple benefits to a community when properly planted and maintained. They help to improve the visual appeal of a neighborhood, increase property values, reduce home cooling costs, remove air pollutants and provide wildlife habitat, among many other benefits.

More information on the program is available at [arborday.org/TreeCityUSA](http://arborday.org/TreeCityUSA).

**About the Arbor Day Foundation:** The Arbor Day Foundation is a million member nonprofit conservation and education organization with the mission to inspire people to plant, nurture, and celebrate trees. More information can be found at arborday.org.
